

MyHOAAppeal - Educational worksheet

Photographic Evidence for HOA Fine Appeals

Educational use only. Not legal advice. Verify against your CC&Rs and state law.

== VISUAL SUMMARY ==

Five takeaways to remember about light, landmarks, timestamps, and authenticity. Use them as a one-page briefing before you write or speak.

- * Start with procedure: Map notice, cure, hearing, and decision duties before debating the aesthetics of light, landmarks, timestamps, and authenticity.
- * Make the decision point explicit: Your appeal should answer whether a photo set will persuade the board with exhibits, not adjudge the merits.
- * Compare options deliberately: Know whether you are closer to Timestamped series, Single snapshot, or Edited / cropped only.
- * Write one remedy sentence: Boards skim-state waive, reduce, re-notice, or reverse in a single line tied to light, landmarks, timestamps, and authenticity.
- * Keep escalation proportionate: Match collections risk and dollar amount to mediation, counsel, or court only after the packet is sent.

== PROCESS FLOW ==

1. Capture the trigger

Save the notice, portal message, invoice, or verbal summary that started the dispute about light, landmarks, timestamps, and authenticity. Note the date received.

2. Pull controlling text

Locate the statute, CC&R, rule, and fine-schedule language that supposedly authorizes action on light, landmarks, timestamps, and authenticity.

3. Build the evidence spine

Assemble dated photos, correspondence, ledgers, and comparables that speak directly to whether a photo set will persuade the board.

4. Choose the procedural path

Pick cure, informal dispute, formal hearing, payment under protest, ADR, or counsel based on deadlines and stakes around light, landmarks, timestamps, and authenticity.

5. Submit a written ask

Send one clear remedy request (waive, reduce, re-notice, or reverse) tied to whether a photo set will persuade the board, with exhibits attached.

6. Confirm the outcome in writing

Demand or calendar a written decision, update your ledger notes, and decide whether escalation is still proportionate.

== CHECKLIST ==

Documents on hand

- ☐ Written notice or invoice tied to light, landmarks, timestamps, and authenticity
- ☐ Current CC&Rs, rules, and fine schedule excerpts
- ☐ Delivery proof (certified mail, portal export, or email headers)

Evidence quality

- ☐ Dated materials that address whether a photo set will persuade the board
- ☐ One-page timeline of key events
- ☐ Exhibit index with short labels (A, B, C...)

Procedural safeguards

- ☐ Appeal / cure / hearing deadline calendared
- ☐ Clear written remedy (waive, reduce, re-notice, reverse)
- ☐ Plan for payment under protest if lien pressure rises

Before you stop working the file

- ☐ Confirm whether timestamped series or single snapshot better describes your posture
- ☐ Save a PDF export of the full packet
- ☐ Note any verbal promises in a same-day email

== TIMELINE ==

Trigger / notice | Day 0

Violation letter, invoice, or demand referencing light, landmarks, timestamps, and authenticity arrives.

Document pull | Days 0-3

Gather CC&Rs, schedules, and records that control whether a photo set will persuade the board.

Cure or early response | Per notice (often 7-14 days)

Cure if appropriate; otherwise send a written dispute preserving hearing rights.

Hearing / board review | Often 2-6 weeks after request

Present indexed exhibits focused on light, landmarks, timestamps, and authenticity; ask for a written decision.

Written decision | Promptly after hearing (document-driven)

Confirm outcome in writing; calendar any post-decision deadlines.

Escalation fork | After denial or silence

Choose payment under protest, ADR, counsel, or court based on stakes around light, landmarks, timestamps, and authenticity.

== DECISION TREE (print path) ==

Use this yes/no path to decide your next action on light, landmarks, timestamps, and authenticity. Outcomes are educational starting points-confirm against your CC&Rs and state law.

Q (start): Do you already have written materials covering light, landmarks, timestamps, and authenticity?

- Yes - I have notices or governing excerpts -> go to quality

- No - I am starting from a verbal warning or rumor -> go to collect

Q (collect): Can you obtain the written notice, fine schedule, and relevant CC&R/rule pages within 48 hours?

- Yes - I can request or download them -> Request the file in writing today, then re-run

this tree for light, landmarks, timestamps, and authenticity. Do not rely on memory alone.

- No - the association will not provide records -> Send a dated records request, keep delivery proof, and note the refusal in your appeal packet about light, landmarks, timestamps, and authenticity.

Q (quality): Does your packet clearly address whether a photo set will persuade the board?

- Yes - defects and facts are indexed -> go to deadline

- Not yet - gaps remain -> Fill gaps with dated exhibits before you argue light, landmarks, timestamps, and authenticity. Incomplete packets invite denials on procedure.

Q (deadline): Is an appeal, cure, or response deadline still open?

- Yes - time remains -> Calendar the deadline, submit a written position on light, landmarks, timestamps, and authenticity, and request a hearing or written decision in the same letter.

- Unsure / possibly missed -> Ask in writing for the controlling deadline and whether late submissions are accepted. Preserve light, landmarks, timestamps, and authenticity arguments even while clarifying timing.

- No - the window closed -> Document why the window was missed (late notice, portal failure, etc.) and escalate via payment-under-protest, mediation, or counsel depending on stakes.

== COMPARISON SNAPSHOT ==

Columns: Timestamped series | Single snapshot | Edited / cropped only

Typical signal

[Timestamped series] Clear written basis for timestamped series

[Single snapshot] Partial or contested basis for single snapshot

[Edited / cropped only] High risk if you only have edited / cropped only

Owner priority

[Timestamped series] Preserve timestamped series with indexed proof
[Single snapshot] Convert single snapshot into a documented record
[Edited / cropped only] Do not rely on edited / cropped only alone
Board / manager reaction
[Timestamped series] Harder to dismiss when exhibits are complete
[Single snapshot] May stall or ask for more information
[Edited / cropped only] Often treated as insufficient without follow-up writing
Next educational move
[Timestamped series] Advance the formal path for light, landmarks, timestamps, and authenticity
[Single snapshot] Send a clarifying letter addressing whether a photo set will persuade the board
[Edited / cropped only] Collect missing documents before arguing substance
Escalation risk if ignored
[Timestamped series] Lower if you stay on deadline
[Single snapshot] Medium - ambiguity can harden into denial
[Edited / cropped only] Higher - edited / cropped only gaps feed collections narratives
